SUPPORT FEDERAL TAX CREDITS FOR SCHOLARSHIP FUNDS– Create an annual federal tax credit for voluntary donations to state-based scholarship granting organizations and workforce training organizations. The scholarships could be used by families for an array of educational options, including private school tuition, skilled trade union apprenticeship programs, and industry recognized certification programs. The grant amount, per state, could be tied to ESEA Title IIA calculations. States receiving these emergency grants would continue the scholarship programs, funded through philanthropy and the federal tax credit, going forward. (from USCongress of Catholic Bishops)
