CATHOLIC NON-NEGOTIABLES – INTRINSIC EVILS - As far as the Catholic Church is concerned, its principal focus in the public arena is the protection and promotion of the dignity of the person, and she is thereby consciously drawing particular attention to principles which are not negotiable. Among these the following emerge clearly today: (a) protection of life in all its stages, from the first moment of conception until natural death; (b) recognition and promotion of the natural structure of the family as a union between a man and a woman based on marriage, and its defense from attempts to make it juridically equivalent to radically different forms of union which in reality harm it and contribute to its destabilization, obscuring its particular character and its irreplaceable social role; (c) the protection of the right of parents to educate their children. (Pope Benedict XVI, Address to European Parliamentary Group, 30 March 2006)
